The game also includes “Modified Muscle Force” targeting for more control and responsive ball movement. The top four teams in FIFA world rankings are now represented in the game. Three of the top four teams in the recent 2018 FIFA World Cup Russia™ — England, Spain and France — are now featured in the game as they enter the tournament representing their home country. Based on feedback gathered from the EMEA and CEE regions, the total number of stadiums have been reduced to 49 from 55 in FIFA 21, which will include all UEFA stadium venues. In addition to this, the Premier League has been added to the simulation, giving fans an opportunity to experience new teams, stadiums and environments. “Development kits are a useful tool for us to work on in-game assets,” said Lee Harding, FIFA Lead and Creative Designer at 2K. “It is great to get so much input from the football community while we focus on new features and optimizations. We hope that the changes we are making will better prepare the game for launch.” FIFA World Cup 2018 will be available for Xbox One, PlayStation 4 and PC when it launches this holiday season.

[Prevention of vesicovaginal fistulas following radical hysterectomy]. The prevention of vesicovaginal fistulae in patients undergoing radical surgery remains a challenge to surgeons. The aim of this study was to evaluate the results of our patients at different stages of our procedure, which consists of supra- or infragastric cervix extirpation and a vaginal cuff around the ureter. In particular we concentrated on measures to avoid vesico-vaginal fistulas. Between 1985 and 1995, 582 patients underwent surgery with a supra- or infragastric extirpation and a tension-free primary closure of the vaginal cuff around the ureter. During an operative period of 5 years we observed seven vesicovaginal fistulae which led to a total frequency of 0.6% (seven out of 1,128 patients). The time between surgery and diagnosis of vesicovaginal fistulae was 30 days (24 to 42 days). Seven patients underwent concomitant procedures (transvaginal excision of endometriomas, reopening of vesicovaginal fistulae). We conclude that in selected cases (young women with a favorable vaginal anatomy) the vaginal cuff around the

FIFA (Federative Internationale de Football Association) is the world's leading game developer and publisher of the FIFA series. FIFA Soccer, first published by Electronic Arts in the early '80s, has sold over 100 million copies worldwide. FIFA 12, the latest edition of the game, has sold more than 65 million units and is the best-selling sports game in history. FIFA is one of the most popular sports franchises in the world. The FIFA franchise has always been characterized by innovation and ground-breaking gameplay. No other game in the series delivers as authentic an experience as FIFA does. Players feel like they're walking onto the pitch and taking a shot at a dream that goes on to become real. In 2011, the FIFA franchise saw another milestone, as FIFA Soccer became the first ever video game to be named Sports Game of the Year. FIFA Soccer won the prestigious award three years in a row; the award is now called the Academy Sports+Medal, which is given to games that have been praised by fans and professionals alike. What are the core objectives of the FIFA franchise? The FIFA games are all about soccer. Played by millions of people around the world, the FIFA games are among the best soccer games ever made. What sets them apart is the fact that they are extremely authentic and realistic. How do the FIFA games compare to other sports games? The FIFA games are constantly innovating, evolving and re-inventing itself. FIFA Soccer is an example of this, as it came out on numerous platforms and became the first truly mass-market soccer video game. FIFA 15 also went back to the roots of soccer games and has become even more focused on fun, football and the world's most popular sport. Of course, the FIFA franchise has always been known for its in-depth soccer gameplay, and the game is the first in the series to feature a management mode in which you have ultimate control over all of your stars. FIFA is a game that combines fun with highly enjoyable soccer gameplay. What can the FIFA franchise do for football fans? FIFA can create truly immersive soccer gameplay for players who enjoy any football game. The games can play to the current state-of-the-art technology, or they can explore innovative technology to add the most realistic sports game experience possible. FIFA has always been at the forefront of innovation, and FIFA 19 adds new gameplay features and
