In Orogenesis you'll be exploring a massive tilemap full of dungeons, towns, and secrets. Along the way you'll be completing both side-quests and main story quests to gain more abilities and use them to take on the game's evil bosses! In this game, you play as DUDE, and you're on a quest for fame and fortune. You are the newest member of the old-school hero of the montane known as 'The Clean Wing'. Headed out to the mountain to gather the four genesis orbs, you'll be using your blade, spear, hammer, and wing to travel the seven levels of the game's overworld. Orogenesis is an isometric, classic RPG about exploration and combat, and it is now time to take on the mountain in search of fame and fortune! Take on Endless Dungeons: As your character grows in power, you will gain abilities and powers to help you on your adventure! Combo attacks, animal companions, and other power boosts will make your journey a little more bearable. Fight off hordes of hideous monsters: Enemies come at you from every direction, and they will attack you in all sorts of different ways! There will be overhead, top-down, over-the-top, with one-liners, there will be the big brute and the naughty pervert, and there will be those that would poison your drink and snatch your tails. Sometimes you will be able to use animals such as birds, bears, and horses to help you on your quest, but not all of them are friendly. Find out what they are about! Available on July 31st $1.99 The Collector's Edition is the first and only tier of purchase that includes a pre-release physical copy of the game and a physical artbook! The Collector's Edition is available now, but the final version of the game and artbook will be available after on or before July 31st. In this long-awaited final chapter of the trilogy, the Skylands are burning under the fallen shadow of Skarflame. Every nightmare becomes a blood-soaked reality, blood will splatter, and walls will crumble. The time for prophecy has come, and all who have fallen in the Nine Wars will rise to resurrect everything... even you!
